

Access Friendly Awards 2010

Independence Australia in partnership with the Transport Accident Commission and the Department of Human Services - Disability has created this program to formally recognise businesses that are welcoming and inclusive of people with disabilities.

The 'Access Friendly' awards recognise the efforts and achievements of local businesses that demonstrate what we see as the minimum key components of accessibility:

- Accessible entrances e.g.: flat and wide entry, or ramps with handrails
- Sufficient turnaround space for wheelchairs (inside building)
- Accessible toilets at all times

All businesses listed have been assessed by their local Metro/Rural Access worker, and all successful organisations have been awarded with a window sticker acknowledging their commitment to disability access.
